

Electrical Solutions
Engineered with Experience

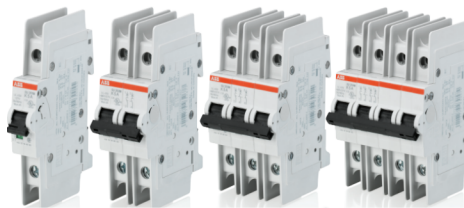

DISTRIBUTION

Low & Medium Voltage Switchgear
Load Interrupter Switches
Switchboards
Motor Control Centers
Power Distribution Panelboards
Lighting Panels
Busway & Plugs
Transformers
Safety Switches
Circuit Breakers

CONTROLS

Starters
Relays
Contactors
Push Buttons
Pilot Devices
Soft Starters
Lighting Contactors

CRITICAL POWER
(Legacy Zenith)

Automatic Transfer
Switches
Critical Power
Distribution
DC Power Systems
Embedded Power
Static Transfer
Switches
Surge Protective
Devices
Paralleling Switchgear
Data Center Solutions
Uninterruptible Power
Suppliers

We proudly serve Michigan with ABB electrical distribution equipment and
MI, IN and OH with ABB Critical Power products.

Safe, Smart and Sustainable Industrial Electrification

MONITORING & DIAGNOSTICS

Transformer Predictive Maintenance
Dissolved Gas Analysis: Single, Multi, and Portable

ENGINEERING SERVICES

Arch Flash Hazard Analysis
Power System Studies
PLC & SCADA Upgrades
Equipment Repair Service: Breakers, Transformers, Motors,
Relays, Drives/Controls

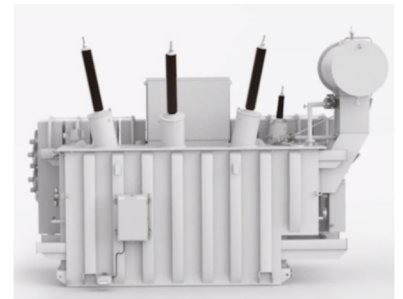

TRANSFORMERS

Padmount
Substations
Power Transformers
Polemount
Submersible
Autotransformers
Generator Step-up
Collector Step-up

CAPACITORS & REACTORS

1kVar to 500MVAR
240V to 500kV

INDUSTRIAL TURNKEY SUBSTATIONS

Up to 69kV Greenfield Substations
Up to 69kV Substation Upgrades
